

Annual and Sick Leave

Full-time employees receive 18 working days of annual leave and 10 working days of sick leave per calendar year.

For planned annual leave, submit dates through the HR portal at least 3 working days in advance and obtain manager approval.

For sick leave, notify the manager as soon as reasonably possible and record the absence in the HR portal. Advance notice is not required.

Certificates and Carry-over

A medical certificate is required for sick leave lasting 3 or more consecutive working days.

Up to 5 unused annual-leave days can be carried into the next calendar year.

Carried-over annual leave must be used by 31 March of the following year. Sick leave cannot be carried over.
